

# Request OS Map Extract

Peak District National Park Authority

## Request for Copies of an Ordnance Survey Extract

The Authority is now an authorised reseller for Ordnance Survey Products. We can offer Ordnance Survey products for use with planning applications, building regulations applications or for any other purpose. We can offer mapping at 1:500, 1:1250 and 1:2500 scales. For extracts used for planning application purposes, the Authority reserves the right to request a specific scale, dependant on the location of the development. For development occurring in or near to a town or village 1:1250 mapping may be sufficient, however for more remote locations we reserve the right to request 1:2500 or greater scale. Mapping at a scale of 1:500 will normally be used for block plans.

**In order that we may provide you with the copies that you require, please complete the following details and send or bring the form, together with the correct fee (shown below), to the National Park Office.**

<b>Your Name and Address:</b>	
<b>Daytime Telephone Number:</b>	
<b>Name in which the receipt should be made out:</b>	
<b>Address of the Property:</b>	
<b>OS Grid Reference if Known:</b>	

Please note that the pricing shown below is based upon Rural mapping, if the mapping you require is either Urban, or Moorland, a different pricing structure applies. Most of the National Park is covered by rural maps, however there are some areas of moorland mapping.
